Trade outcome	Loss	Profit	Profit	Profit	Loss
Why did you enter the trade?	I entered a long trade expecting the price to move upward in Solana.	I entered because the indicators showed a possible upward movement in Bitcoin.	I entered because the indicators showed a possible upward movement in Bitcoin.	I entered a long trade expecting the price to rise after a short-term recovery.	I entered a long trade expecting the price to increase after a short-term recovery.
What confirmed the setup?	The price showed a small recovery near	The price showed an upward	The indicators showed a Upward trend	The indicators showed a Upward trend	The price showed a small

	the support level.	movement after reaching a lower level.	and supported the entry.	and supported the entry.	recovery near the support level.
Was the trading plan followed?	No	Yes	Yes	Yes	No
Was the selected strategy followed?	Yes	Yes	Yes	Yes	Yes
Did you avoid a previous mistake?	Yes	Yes	Yes	Yes	Yes
What was done well?	I recorded the entry and exit prices and reviewed the final result.	I followed the indicators before entering the trade.	I entered the trade during a recovery and closed it with a small profit.	I identified the upward movement and made a profitable trade.	I recorded the entry and exit prices and reviewed the final result.
What could be improved?	I should wait for stronger confirmation, check the trend, and avoid entering too early.	I should wait for stronger confirmation before entering.	I should improve my entry timing and risk management.	I could improve my exit timing for better results.	I should wait for stronger confirmation, check the trend, and avoid entering too early.
Key learning	I learned that a small price recovery does not always lead to a profitable trade.	I learned that patience and proper confirmation are important before entering a trade.	I learned that patience and proper confirmation are important for making better trading decisions.	Patience and following indicators help in making disciplined decisions.	I learned that a small price recovery does not always lead to a profitable trade.
